

SR&ED Senior Technical Consultant (Graphic Arts Industry - Ontario)

Service Optiprint Inc. consists of an elite and dedicated group of professionals, such as; engineers, chemists, sales executives and tax specialists with vast expertise in the field of graphic arts. As a team of specialists, Optiprint provides its assistance in maximizing our client's tax relief benefits from their R&D projects under the SR&ED Tax Incentive Program.

Due to its rapid growth in Ontario, Service Optiprint is currently seeking a Senior Technical Consultant. The selected professional will be responsible for:

- Onsite visits with clients to investigate and analyze clients' technologies, technological challenges and conducting thorough investigative technical interviews with staff members.
- Prepare technical reports describing the clients' SR&ED activities.
- Assessing R&D expenditures, time and activities involved with all projects.
- Involvement in all interactions that may arise with the Canada Revenue Agency, client and Optiprint.

Requirements:

- A minimum of 10 years work experience in the graphic arts industry, such as; prepress, printing, finishing, software development and IT but not limited to these.
- University degree, preferably in a field of Science such as Computer Science, or Mechanical/Chemical/Industrial Engineering.
- Outstanding technical writing skills and editing capabilities.
- Excellent communication skills with the ability to articulate, discuss and convey technical matters in the graphic arts industry.
- Quick understanding of processes and technical concept.
- High degree of professionalism and ability to work comfortably and effectively with client personnel at all levels of production and management.
- Excellent time management skills as well as the ability to work independently and to simultaneously handle multiple client projects.
- Interest in developing expert knowledge of technical aspects of the SR&ED tax incentive program.
- Experience in preparing SR&ED tax credit claims or in working for the CRA auditing - preferred but not mandatory.
- Prior consulting experience an asset.
- Ability to travel in Ontario to client locations (must have a car).
- Willingness to occasionally travel within Canada

As an autonomous Senior Technical Consultant, you will have the opportunity to gain broad practical exposure to cutting-edge technologies as well as 'mature' technologies across the Graphic Arts industry. This is a full time position. Complete training will be provided. Optiprint is an equal opportunity employer offering competitive base salary and benefits package.
